PUBLIC FIRE PROTECTION

The rate for existing hydrants as installed on the system at July 1, 2022 shall have a charge of:

\$254,367 Annually
\$63,592 Quarterly
\$21,197 Monthly

Rate for hydrants installed after July 1, 2022, shall be determined in accordance with the Public Utilities Commission Rules and Regulations Chapter 69.

For each fire hydrant connected to any main owned by the Gray Water District installed after July 1, 2022, there shall be paid to the District by the Town of Gray an annual fire protection charge, which, together with the revenue from any customers connected to said main installed after July 1, 2022, and/or the revenue from any additional customers to be connected within one year to any additional main required to be installed to feed the hydrant, shall be sufficient to support the District's total investment since July 1, 2022, in such main, service connections, hydrants and hydrant connections.

All hydrants will be cared for and maintained in good working order (unavoidable accidents excepted) by the Gray Water District. No hydrant will be installed on mains less than 6" in diameter. Once fire hydrants are actually installed and operative, the fire protection charge then in effect shall not be reduced, should the Town order one or more hydrants discontinued. Should the Town order any hydrant moved to a different location, the Town shall pay all costs of moving said hydrant.

TERMS OF PAYMENT:

Charges under these rates are net and will be billed and payable monthly, quarterly or annually in advance, at the option of the District.

PRIVATE FIRE PROTECTION

For each private fire hydrant taking water from the public water system:

\$960.27 per year \$240.07 quarterly

For each sprinkler and/or hose connection taking water from the public water system for each inch in diameter of the service pipe or connection:

\$117.36 per inch per year
\$29.34 per inch per quarter

CONDITIONS OF CONTRACT

The District reserves the right to meter any fire line when evidence indicates that water is being taken from the line for purposes other than for fire protection, and such metered service shall be billed in accordance with the regular schedule of meter rates, in addition to the above rates, with proper allowance for water consumed in fire fighting.
